Dear Senator Levin:

I am writing to let you know that we would like to adopt your staff lounge refrigerator. As early childhood educators we believe that No Refrigerator should be Left Behind. The enclosed artwork will enhance its appearance as well as the moods of your staff. We hope the children's choice of color compliments the room's furniture.

I am a preschool teacher at Sunshine Day Care. I support children between the ages of three and four years. I wanted to let you know that I am available anytime you have a question or concern regarding early childhood education. If you ever desire to be surrounded by children and see what is done to help them learn, I have an open door to your visits as well. My contact information is listed below.
